

Happiness

Brian, Jessica, and Atlas

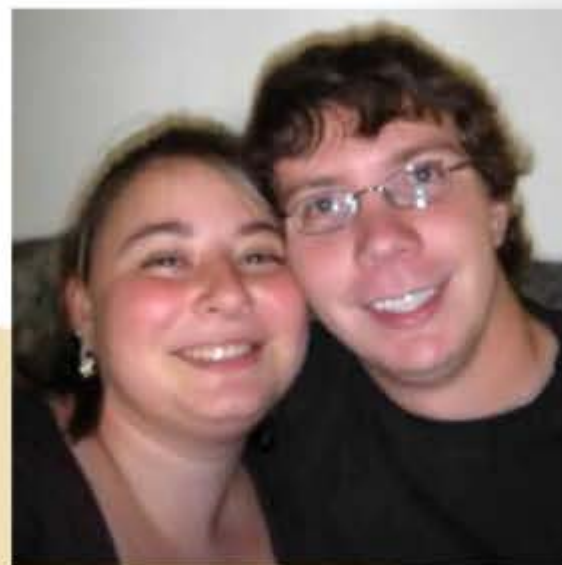

Dear Birth Family,

We would like to thank you for looking at our story. We know this is not an easy decision so we will keep you in our thoughts as you take this journey.

Having a family is very important to Brian and I. Atlas joined our family through adoption in May of 2017 and its been the most amazing experience ever. Our hope now is for her to have a sibling.

We want you to know that we are open to sharing this journey with you, we want your child to know who you are and that you love them as well.

- Brian, Jessica, and Atlas

Brian and I met 14 years ago and became instant friends. Both at different stages of our lives picking up like it was yesterday no matter how long it had been since we had seen each other. We started dating 12 years ago and got married a little over 9 years ago, His relaxed personality and my outgoing personality compliment each other well.

Hi, I am Jessica. I work from home for a construction supply company. My most favorite thing to do is spend time with my family. I love to crochet, knit, and bake all the things! We do lots of random crafts and baking in this house. Some turn out great and others not so much. HA! I am also an animal lover. We have 3 dogs and 2 cats.

I also come from a family of five and have 6 nieces and nephews. We all spend a great deal of time together. During the warmer months we can be found at the cabin and during the colder months we enjoy playing cards, board games, and trivia. Atlas can usually be found attached to Grandmas hip. They enjoy baking and playing in the lake together. Grandpa and Atlas enjoy going for side by side rides and looking for animals.

Hi, I am Brian and as you can see here my girls can rope me into just about any crafting project or baking adventure you can imagine. I enjoy being outdoors and going on adventures as a family. Most of our summers are spent at the family cabin.

In my down time I enjoy playing video games. I am a construction worker by trade and am fairly handy with small home renovations.

I come from a family of five. They all live in the area and we enjoy getting to spend time with them. Atlas and her Nana love to play barbies and snuggle the puppies.

Hi, I am Atlas and pretty much the star of the show. I am smart, sweet, funny, loving, adorable and sassy. I love all things babies, barbies and my dog Ollie.

We live on 3 acres of land just outside of town. We all enjoy spending time outside. This summer we tried our hand at gardening for the first time. We love to have bonfires, pool parties, and outdoor picnics

THE "ZOO"

Ollie is a boxer. Her and Atlas grew up together and have a relationship like nothing I have ever seen before.

Lulu is a 10.5 year old Morkie with a larger than life attitude.

Jada is our 12 year old cat. She spends 95% of her life hiding.

Fiona our Siamese mix is 6. She is both indoor and outdoor.

Last but not least Stella. She is a golden retriever and the baby of the family at 7 months old. Stella was a gift to Atlas from her Nana.

A Whole bunch of Lake Fun!

We spend a lot of our time with cousins and grandparents. Atlas and the other two girls are less than 12 weeks apart in age. This makes them the best of friends and also worst enemies.

Just some of the things I have made and Atlas loves to wear them all! She also loves to "knit".

Favorites

TV Show: Masha and the Bear
Drink: Sprite

Thank you for taking the time to meet our family. We know this is a difficult decision to make. We want to assure you that if we are chosen your child will be raised in a home full of love and welcomed into a large extended family.

A child can never have to many people who love and care about them. We feel it is important that they know where they came from and that this was not an easy decision. We want your child to know who you are and that you love them as well! We are open to sharing pictures, videos and even in person meetings if you would like.
