

Beau & Bark

hello!

THANK YOU FOR TAKING THE TIME TO LEARN ABOUT US.

We feel so honored that you are considering us to be the adoptive parents for your child.

We want you to know that your baby would be a part of an incredibly loving family, if you decide to choose us.

We know that this is an incredibly difficult decision you are making, and we want you to know that we have the utmost respect for you, and believe that you are acting with so much bravery and courage.

If you choose, we would love to build a relationship with you, as it is our hope for you to be a part of our child's life.

Our family is humbled by your consideration.

Thank you so much,

Beau and Barb

Our Story

We have known each other for over 12 years. We met in college and were friends for the first 4 years, running into each other every once in awhile. In 2014, we were both living in Fargo and starting hanging out more and more. We quickly started dating - later getting married in 2019.

We are best friends that truly enjoy each other's company and love spending time together. We enjoy spending time with friends and family and traveling. We also enjoy spending a nice Sunday together at home relaxing.

An average day in our home starts with Leo excitedly waking us up and then promptly starting his first nap of the day. We both work a typical Monday-Friday work week. In the evenings, we like to take Leo out for a family walk. Then Barb loves to cook and Beau likes to cautiously try new things she prepares. His palate has expanded exponentially since meeting Barb.

Our Home

Our home is located in a quiet, family-friendly neighborhood in West Fargo, North Dakota. We have lived in this home for a little over a year now. One exciting note about our home is that Barb and her mother updated a majority of the house before we moved in. They painted everything, ripped up some flooring, and plan to do some landscaping soon!

We love our neighborhood. It has limited traffic outside of our neighbors making it a great place for our nightly walks with Leo. We continue to see more young families moving in around us.

Our home is one story, with 4 bedrooms, 2 bathrooms, and a large fenced-in backyard. It is located very close to a variety of schools and parks. We are close to many restaurants and shops. An added perk is our home is close to Barb's office making it easy to run home when needed.

meet BARB

Barb grew up on a farm outside of Jamestown, North Dakota. She spent her entire youth there and the rest of her family still farms back home. A trip back to visit them is a little over an hour making it easy to see her whole family often.

Barb is extremely hard-working and compassionate. She also likes to think she has a great sense of humor (Beau can vouch for it).

She has been very successful in her career. She is a CPA working in a large public accounting firm. Outside of her career, she loves to read, cook, and spend time with friends. She continues to work on her golf game as much as she can.

She cannot wait to grow her family with Beau & Leo!

meet BEAU

Beau grew up in a small town in eastern North Dakota. He spent his childhood riding bikes around his small town and playing sports with his friends.

Nowadays Beau is still active in sports, regularly playing in basketball and softball leagues and tournaments. He also really enjoys spending time with Leo, going on walks around the neighborhood and playing in the yard. Beau and Barb enjoy spending time at home together watching their favorite TV shows, as well as going out to their favorite restaurants. Beau thanks Barb for expanding his horizons when it comes to food choices, always a picky eater, Barb has really encouraged him to try new things.

Beau currently works as a pharmacist in a large healthcare system. He loves helping his patients, and learning all he can about the ever changing world of medicine.

He cannot wait for another baby to love and will continue to be a fantastic father to the new addition to our family!

meet LEO

Leo is a 4-year-old Yorkie Jack Russell mix. We adopted him a little over a year ago from a local shelter. He is our first pet together and has been such a joy in our life.

He loves to play, snuggle, and nap. He loves spending quality time with his family. In return, they love spending time with him.

He will be a great fur-buddy to a child.

Her Family

Barb's parents live in her home town. They claim to be retired but are still as busy as ever with grandchildren and other hobbies. Barb is the youngest of three - her older brothers both farm back in her home town. She has a nephew and two nieces and is excited to add to that number.

AS A FAMILY, WE LOVE TO:

- Spend summer days on the boat
- Cook and enjoy meals together as a family
- Attend concerts together

Barb's parents were great at building a work ethic in all their children. They are also very generous and caring of others. Barb and Beau hope to continue these traditions in their own children. The entire family is excited to add some more grandchildren to the crew!

His Family

Beau's parents still live in Wimbledon where Beau grew up. Beau has one sister, Kayla, who also lives in West Fargo.

AS A FAMILY, WE LOVE TO:

- Enjoy the summer weather on Beau and Barb's deck
- Spend holidays together in West Fargo

Beau's parents are still his biggest fans, and regularly travel to cheer him on at his sporting events. They are the best grandparents to all their grandpets (Leo and Kayla's two kittens), as they happily volunteer to babysit whenever possible. They are extremely excited about potentially adding a grandchild to our family. Beau's dad has been buying baby toys for years in anticipation!
